Prevost Introduces Driver-Side DEF Filler for H3-45 VIP Motorhomes

Sainte-Claire, QC, April 18, 2013 –Prevost has introduced a driver's side DEF (Diesel Exhaust Fluid) filler for Prevost H3-45 VIP motorhome shells. The new DEF filler has been thoroughly tested to ensure it is fully operational with North-American filling stations and complies with longstanding Prevost quality standards. Prevost will begin production of the new DEF filler on April 30, 2013. A retrofit kit will be available for all H3-45 VIP Prevost motorhomes with EPA10 and later engines. The retrofit kits will be available through Prevost converter partners and Prevost Service Centers after May 1, 2013.

About Prevost

Prevost is a leading manufacturer of premium intercity touring coaches and the world leader in the production of conversion coaches for high-end motorhome and specialty conversion.
