

Prevost Updates Mobile Apps, Volvo Group Introduces Apps

Sainte-Claire, QC, September 9, 2013 – Prevost has enhanced two of their Mobile Apps. The **Prevost Locator App**, which provides an easy way to locate a Prevost service provider anywhere in North America, has added some new functionality.

The ‘service level’ for each of the 160+ providers is now displayed, letting users know what coach services are offered by each service provider. Additionally, each service provider pin on the map is color-coordinated and icon-coordinated by category, so users can easily identify providers on the map by type.

The **Prevost Tools App** has been updated with some new resources. The Prevost Tools App puts access to many Prevost Service tools all in one handy application. These new buttons have been added to the app:

- **‘My Bulletins’** gives users access to a list of service bulletins according to their specific vehicles.
- **‘Contacts’** gives users a list of service team contacts and an auto dial function for those reading the document on a phone.
- **‘Marketing Tools’** gives users a link to the Prevost Marketing Tools site, which provides print ads, photos and presentations to help operators with their marketing.
- **‘Conversion Portal’** gives Prevost authorized converters a link to conversion coach resources.

PrevoSt Tools App users can also link to wiring diagrams, pneumatic diagrams, technical manuals, driver's guides and service bulletins for any PrevoSt or Volvo motorcoach. The app also provides links to PrevoSt online warranty services, PrevoSt Liaison telematics system, and online parts ordering.

Volvo Group Introduces Volvo Transporters and Volvo Sustainability Apps

The Volvo Group has introduced a new online game called Transporters. In Transporters you get behind the wheel of one of the Volvo Group's wide range of vehicles and carry out a number of assignments. By picking up objects and avoiding obstacles in a variety of environments, you take part in a virtual journey through the everyday operating world of the Volvo Group.

You can play **Transporters** on www.volvogroup.com/transporters or download the mobile app from:

App Store: <http://bitly.com/PBFt2W>

Google Play: <http://bitly.com/SmNsjl>

The **Volvo Sustainability App** describes Volvo Group's approach to Corporate Social Responsibility and Sustainability and gives an overview of different projects and initiatives. The app can be downloaded at <https://itunes.apple.com/us/app/sustainability-approach/id664624069?mt=8&ls=1>

About Volvo Group

The Volvo Group is one of the world's leading manufacturers of trucks, buses, construction equipment and marine and industrial engines. The Group, which employs about 115,000 people, has production facilities in 18 countries and sells products in more than 190 markets. Its core values are quality, safety and environmental care.

About Prevest

Prevest is a leading manufacturer of premium intercity touring coaches and the world leader in the production of conversion coaches for high-end motorhome and specialty conversion. As part of the Volvo Group, it has access to the financial strength, research capability, and manufacturing expertise of the group. The Volvo Group is one of the world's leading manufacturers of heavy-duty diesel engines. Prevest has its main manufacturing facilities in Sainte-Claire, Quebec, Canada and has nine Parts and Service Centers located in the United States and Canada. www.prevestcar.com
