What's New at Tradewinds Coach and Marine

Deland, Fla. –

Tradewinds Coach and Marine is proud to announce the addition of John Dunn, a full-time sales consultant to its team. Mr. Dunn comes to Tradewinds with 40 successful years in the sales and marketing industry, always making it a priority to provide the best service for buyers and sellers alike.

In December 2016 Tradewinds became a licensed dealer, which allows the company to truly be a full-service facility assisting customers in the purchase of a coach, the service, repair and upgrades on that coach and the eventual sale of that coach.

Mr. Dunn will serve as the primary contact for all buying and selling requests at Tradewinds and will handle all aspects of the sales process.

The hire of Mr. Dunn comes at an opportune time for Tradewinds as the company is expanding its operating space. After purchasing its facility in September 2016, the company is expanding from 20,000 to over 40,000 total square feet. The additional space is scheduled to be completed by August 2017 and will feature a showroom directly next to its service facility to better serve all its clients' needs.

Another high priority for the company as it continues moving forward is adding permanent 50A service outside the building. Tradewinds plans to add power along the building (closest to its offices) and another 10-12 plugs on the opposite side of the parking lot. This will serve as a staging area for completed coaches, additional space to showcase coaches for sale and will also give Tradewinds the opportunity to host mini-rallies and other events in the future.

Ready to sell your coach? Contact John Dunn to consign your bus today to allow the company's expertise and knowledge of the Prevost market assist in the sale of your coach.

Looking for a coach? Contact John Dunn to allow him to comb through the market and find the perfect bus for you.

John Dunn can be reached on his cell phone at 386-871-5099 or via email at jdunn@tradewindscoach.com
