

Millennium's Students Make The Grade... Literally!

For Immediate Release

Sanford, FL., July 2, 2015- Our latest quarterly meeting was turned into a family affair, as Millennium unveiled its latest project. No, not a new coach or gadget, but this time something for the kids! Owner and Founder, Nelson Figueroa has created a new incentive program for the children of Millennium employees, in which they are rewarded for good grades on their quarterly report card.

There were smiles and high-fives all around, as these excited young scholars were acknowledged for their hard work and efforts. Nelson stated, "We want young people to be encouraged to stay in school and make good grades; whether they want to be a doctor, astronaut, engineer, ballet dancer or CEO, they all have the ability and we want to acknowledge their effort."

Nelson continued, "It is my hope that this is the start of something big, and that this program continues to grow each year with even more students committing to working hard and to ultimately making their dreams come true."

Congratulations again to all of our hard working students! Keep up the great work!

About Millennium Luxury Coaches

Millennium Luxury Coaches is one of the largest converters of custom Prevost chassis for private use. Founded in 2001 and privately owned, Millennium has 85 employees operating out of a 100,000 square foot sales and manufacturing facility in Central Florida. Known for their mission to "change the world one luxury motorcoach at a time," Millennium leads the way in adopting the latest innovative technology and advancements within the industry. In addition to new coach conversions, the company also offers pre-owned and consignment coaches, renovation and remodel services, onsite coach storage and operates a full service, collision center and customer paint facility.
