ISSUE 40 | JANUARY 2020

CELEBRATING
YEARS 20
OF IMPECCABLE SERVICE

PREVOST
PROUDS KERRVILLE 2019

2021 FEATURED COACH
& INVENTORY

This holiday season is truly a season to be thankful. As soon as the leaves start to fall (figuratively in Florida of course, but literally falling elsewhere), I start to think about how fortunate I am. I have a pretty amazing job, and I'm surrounded by incredible people who genuinely care about me, our customers, our company, and each other. Thanks to them, 2020 is already shaping up to be tremendous, with a solid book of business on the books. And while many people may take this time of year to consider their New Year's Resolutions, I prefer to focus on some New Year Reflections instead:

To our customers: This industry would not exist without you. And "customers" isn't even the proper word for it. So many of you are more than that. To me, and to the rest of Millennium Luxury Coaches team, you're family. We share photos about our trips and travels, meet up in locations across the country, and get together for annual rallies. We may not be related by blood, but we're family in plenty of other senses of the word. I'm thankful that we have each of you in our lives and that we are able to provide you with the best of everything related to the Prevost lifestyle.

To our employees: Each of you is family as well. I'm honored to work side by side with every single one of you. It fills my heart with joy to hear about your lives and your children's lives. Being able to build this business so that you can provide for your family and supporting you on a daily basis is just as fulfilling as making our customers happy, and I wouldn't have it any other way. You make me proud with your drive, enthusiasm, and passion for Millennium Luxury Coaches, and I can never thank you enough.

To my family: I could not do what I do without the support I get from my wife Lara. Her devotion, not only to me, but

to her involvement in the business, is absolutely incredible, and it's difficult for me to express how grateful I am. She cares about our customers and employees as if they were her own family, a philosophy that resonates with me constantly, as each of you knows. To my kids, Alexandra and Adam, I am so blessed to be your dad. You make me proud every single day.

To our partners: It has been a true blessing to be able to work with you towards a common goal. Our relationship with Prevost Car has proven to be a pillar of strength and direction for our company and customers. The support, service, and quality we share sets an example that every company should follow. It's inspiring and I thank you.

To our military members and veterans: Thank you for your service to our great country. Politics aside, we are united by the loyalty, dedication, and strength of all of our people in uniform, from each member of the armed forces to our first responders. Millennium Luxury Coaches would not exist without the freedom each of you fight for every single day.

As we enter our 20th year of providing impeccable service, I reflect on what's brought us here, and I resolve to continue striving for excellence, listening to our customers, learning from our employees, and growing our Millennium family. I wish you all success, health, and love beyond measure. May you have a happy and fruitful year that fills you with joy.

Until I see you again, safe travels and know that we are here for you,

Nelson

GE MICROWAVE

SUPERCOOKING TECHNOLOGY

At Millennium Luxury Coaches, a great deal of thought goes into every choice we make when building a custom coach. From the interior design to the technology included, we test products, weigh all of our options, and ensure that our customers enjoy the very best the world has to offer. And that brings us to something we all might take for granted: the microwave oven.

After trying out many different types of ovens from the top names in microwave technology, our team finally settled on the GE Advantium Oven for all current and future coaches. This culinary appliance is a modern marvel, and many of our coach owners don't even realize how incredible it is!

If you're like us, you remember microwave ovens being only useful if you wanted to reheat food quickly,

make some popcorn, or maybe defrost the chicken you forgot to thaw for dinner. Microwave ovens are used as a convenience and a last resort, but oh how the times have changed! This Advantium Oven, which we've heard is the best appliance GE has ever made, can do so many things that old microwave ovens couldn't.

Can it still pop popcorn and heat up leftovers? Yes. But it also has over 175 preprogrammed menu selections and a custom recipe saver that allows your food to cook perfectly without fail. From chicken to rice, potatoes to sandwiches, fish to vegetables, the menu selections optimize the heat and cooking time for that particular meal, making it almost impossible to ruin dinner!

This oven does more than just microwave. It uses Advantium cooking technology to Supercook with three different types of heat, from halogen heat that is almost instantaneous to traditional microwave energy and of course the classic convection heat. This means that it doesn't need preheating. It can broil. It will toast and grill. It can cook the meals you want quickly and more efficiently than your traditional oven, and it does it without your food losing moisture!

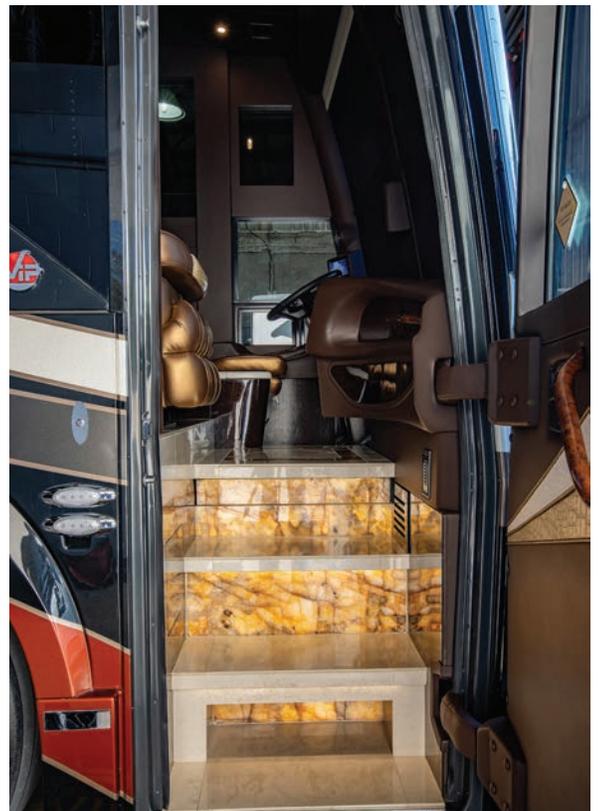

- Toasting a bagel? —>** *No problem!*
- Grilling a sandwich? —>** *Piece of cake!*
- Broiling a steak? —>** *Done in one!*
- Baking a potato? —>** *Get your fixings ready!*
- Cooking a roast? —>** *Dinner's done!*
- Making your veggies? —>** *Moist and delicious!*
- Drying your wet socks? —>** *Probably not something you should do, to be honest.*

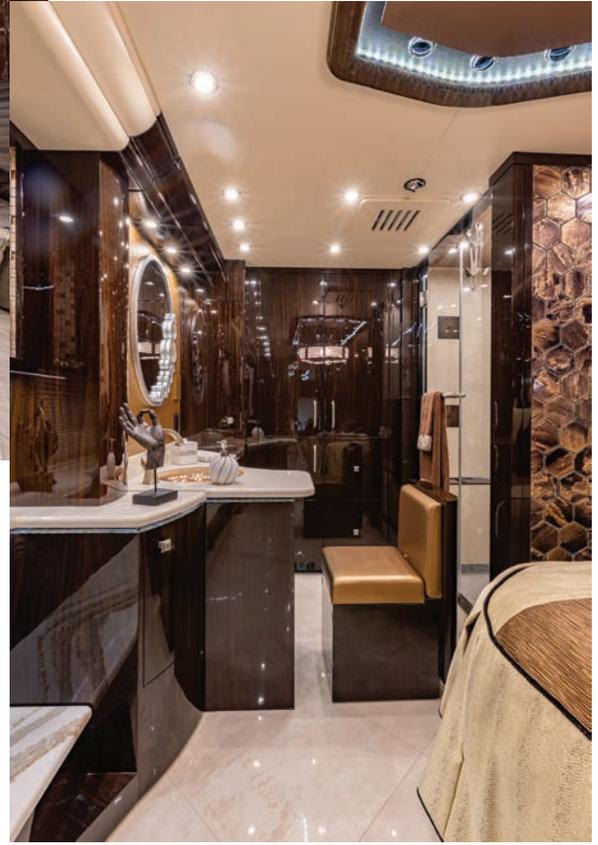

Next time you're thinking about fast food or eating in a restaurant when you're on the road, hit the grocery store instead, pick up everything you need for your favorite meal, and take the GE Advantium Oven for a spin. It'll improve the way you eat, make life easier, give you healthier options, and change your whole world!

CUSTOM COACH SHOWCASE

LAST YEAR'S LATEST AND GREATEST!

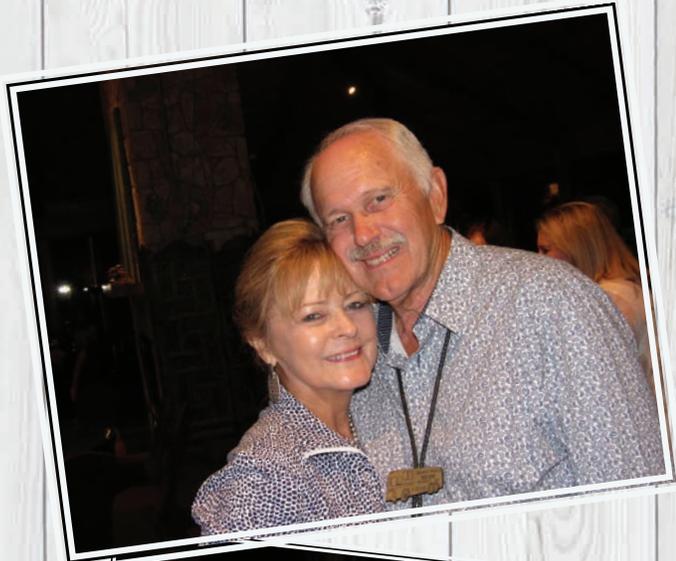

PREVOST PROUDS

KERRVILLE, TEXAS

Millennium's next stop with
Prevost Prouds will be at
Pigeon Forge, Tennessee
April 19-24.

WHERE TRUE LUXURY MOTORCOACH LIVING REACHES NEW HEIGHTS.

RiverLandings located in sunny SW Florida delivers all the upscale amenities that one would desire. The resort offers waterfront lots, customizable coach cabanas like no other, a private personal pool or hot tub on your lot and our unique coach cover that protects your coach from the elements. The private island and boat docks allow for entertaining or just simply relaxing as the waves rush around you.

Our Clubhouse is underway and will be open in early 2020, pickleball courts open December 2019 and onsite air-conditioned enclosed storage units large enough for all your needs including your coach will be available April 2020.

Please visit our website for updates and consider visiting us for a free 2-night stay.
